

Determining Voluntary vs Mandatory Respiratory Protection

BHHC's Sponsored Live Webinar for September

Held on Tuesday, September 26, 2023 at 9:00 AM PDT, presented by Steve Hamilton, ASP, BHHC Loss Control Supervisor.

The main goal of this session was to provide:

- Understand the difference between voluntary and mandatory respiratory protection.
- Confidently identify your team's respiratory protection needs.
- Gain insights into the applicable regulations to better make decisions around this important personal protective equipment.
- Learn the steps for completing an effective hazard assessment.

- Leverage the opportunity to equip yourself with vital knowledge to protect your team.

We understand that schedules can sometimes be unpredictable. If you were not able to attend or would like to revisit the information shared, we are pleased to provide the recording in the video above.

We encourage you to share this valuable resource with your team and other colleagues in your organization to promote a safer work environment with regard to respiratory protection.

Your feedback is valuable to us.

Take a few minutes to complete our survey. If you have any questions or comments or want more information, please do not hesitate to contact us at LossControl@bhhc.com.

We appreciate your interest and participation and remain committed to providing informative and valuable resources to help manage workplace safety. Watch for future Loss Control safety webinars and updates from BHHHC.
