

Heat Illness Prevention for Managers

BHHC's Sponsored Live Webinar for August

Held on Tuesday, August 22, 2023 at 9:00 AM PDT, presented by Steve Hamilton, ASP, BHHC Loss Control Supervisor.

The main goal of this session was to provide:

- Understand the increased risk of heat-related workplace injuries and fatalities.
- Learn five crucial steps to protect your team from heat illnesses.
- Discover how to create and manage effective heat illness prevention programs.
- Strategize to adapt your workplace safety measures to extreme heat conditions.
- Ensure your team's safety and productivity during these challenging weather conditions.

We understand that schedules can sometimes be unpredictable. If you were not able to attend or would like to revisit the information shared, we are pleased to provide the recording in the video above.

We encourage you to share this valuable resource with your team and other colleagues in your organization to promote a safer work environment during the heat-intensive months.

Your feedback is valuable to us.

Take a few minutes to complete our survey. If you have any questions or comments or want more information, please do not hesitate to contact us at LossControl@bhhc.com.

We appreciate your interest and participation and remain committed to providing informative and valuable resources to help manage workplace safety. Watch for future Loss Control safety webinars and updates from BHHHC.
